Description

This handy and practical book is packed with hundreds of tips to save you time, money and energy around the home. In addition to advice on cleaning, tidying and other basic home maintenance, it contains simple DIY projects such as hanging a picture, fixing a window sash and planing an ill-fitting door.

To make the information easy to access, *The House Book* is divided into the different areas of the home. It begins at the mailbox, and takes you through the bedrooms, bathroom, kitchen, living room and laundry, and on into the garden, past the garage and finishes up at the tool shed.
