Baubles, scarves, cushions and more to knit and crochet

Description

Inspired by her love of French style, Hikaru Noguchi has created 31 projects to knit and crochet in her typically sophisticated yet quirky style. Scarves, caps, mittens, small brooches and wraps can be found here, but also booties and slippers, jumpers, a few cushions and a throw-blanket for long winter nights.

Noguchi's use of traditional stitches in unusual colours and textures make these original knits the ones you'll want to make and wear this winter. *Made in France: Knitting* is also full of little things to crochet, cut out or sew so you can embellish your creations.
